## HEARST GETS WRIT FROM JUDGE AMEND

Canvassers Ordered to Show Why Ballot Envelopes Should Not Be Opened.

**PARKER DEFENDS McCLELLAN.**

Says Mayor Does Not Seek Single Vote That Is Not His—Will Not Resort to Technicalities.

**REPUBLICAN SPECIAL.**  
New York, Nov. 15.—Judge Amend today granted a writ requiring the County Clerk and canvassers to show why the envelopes containing protested and void ballots from every election district in the city should be opened and the ballots inspected. The order is returnable to-morrow afternoon.

The assertion has been made by Mr. Hearst's lawyers that in the projected ballots alone there were enough valid Hearst votes to reverse the election of Mayor McClellan.

Similar action will be taken in every borough, and it was declared no protest will be made by counsel for Mayor McClellan.

**SAYS TALLY IS WRONG.**  
Comparison of the tally sheets with the official returns made under court orders will reveal sufficient evidence of error and willful misstatement to warrant the revision of the vote in many election districts, according to Clarence J. Shearn, Mr. Hearst's personal counsel.

Mr. Shearn stated that, as soon as the tally sheets are received, he will seek to have the boxes opened, under section 81 of the election law.

In reading a writ compelling the County Clerk to compare the tally sheets, the official returns, Judge Amend declared today that in every case brought to him where inherent error was shown in the tally sheets, he would order an inquiry into the election returns to reopen the ballot boxes and make a recount.

**CLAM MAXEY HIRSH.**  
In the estimate of Mr. Hearst's lawyers errors will be found in more than 70 per cent of the tally sheets in Manhattan and the Bronx, which will result in a total of 10,000 votes being added to the tally of the late Mayor.

After lawyers representing Tammany had argued before Judge Amend, the official returns were taken into consideration. The judge declared that he would not order a recount of the election returns unless it was shown that the tally sheets were wrong.

**DO NOT OPPOSE ORDER.**  
In every case taken in accordance with law, Mr. Amend will not be found interfering with the election returns, but will order a recount of the election returns unless it is shown that the tally sheets are wrong.

In Richmond today the canvass ended and adjournment was taken till tomorrow. The canvass was taken in the city of Richmond, Va., and the result was a victory for the Democratic ticket.

**POLICEMAN CATCHES BOY IN SPITE OF HARD FALL.**  
Prison of the Fifth District Tumbler, over 100 lbs. in weight, and a hard fall, has been taken by a policeman in the city of Richmond, Va.

Unemployed by falling over a piece of wire, tearing his uniform and injuring his right knee, a policeman of the Fifth District today caught a tumbler in the city of Richmond, Va.

**ROCK ISLAND ARRANGES FOR KANSAS CITY LINE.**

Topeka, Kas., Nov. 15.—Announcement made by the officials of the Chicago, Rock Island and Pacific Railway, under agreement has been entered into between that road and the Chicago and Alton, whereby the former will take the track of the latter between Joliet, Ill., and Kansas City for the Golden State Limited, the star Rock Island train between Chicago and California.

This is done because the Alton line between Joliet and Kansas City is thirty miles shorter than the Rock Island line. Another reason is that in other years the Golden State Limited has been seriously delayed time and time again by local trains on the Rock Island line between these points.

The Golden State Limited makes its first daily run on the winter schedule next Sunday.
